APPEAL OF CHIEF ROUSH CAUSES CLASH

GERMANY AGAIN SEEKS U. S. HELP

Makes New Reparations Offer Thru President Harding

PROPOSAL TO THE ALLIES

Compromise With Entente on War Damages Sought

WASHINGTON — (By Associated Press) — President Harding and Secretary Hughes were expected to give immediate consideration to Germany's counter proposals regarding reparations which were dispatched from Berlin last night. The communication embodying them was forwarded by Loring Dresel, American commissioner at the German capital, and was understood to be quite lengthy. It was believed, however, that it would be deciphered in time for early study at the executive departments.

Any action the American government may see fit to take in the matter of transmitting the proposals to the allied diplomatic representatives will be determined only after conferences between Secretary Hughes and the allied diplomatic representatives here. This course has been decided upon in order that the transmission will be in a "manner acceptable to them" and at the same time will guard against the assumption by the United States of obligations which might prove embarrassing. Secretary Hughes has made clear that the American government does not propose to act as mediator in the matter but only to consider calling proposals to the attention of the allies.

WAITING ON HARDING
BERLIN — (By Associated Press) — The German government is refraining from making public today its note to the United States on reparations in order to give President Harding, it is explained, an opportunity to consider and make inquiries concerning it if he desires, before forwarding it to the allies. The Reichstag will not be given the text of the communication until Tuesday.

Foreign Minister Simons announced today that he would merely present to the Reichstag this afternoon "the status of Germany's foreign relations," not divulging the new counter proposals on reparations.

NEW PROPOSAL
It is learned, however, from sources close to the government that the payment by Germany of 200,000,000 gold marks for reparations is, roughly, the proposal submitted by Germany for transmission to the allies, according to sources close to the government.

The payments will be spread over a period of from 30 to 42 years, or less, according to Germany's economic recovery.

Economic pledges in the way of goods and participation in German industries are offered as guarantees it is stated.

Germany's counter proposals on reparations, it was learned, refrain from proposing the assumption by Germany of the allied debts to the United States.

LIBERAL COMPROMISE
LONDON — (By Associated Press) — Unofficial advisers from Berlin declare Germany has offered a "liberal" compromise between the allied reparations demands, as formulated at Paris last January, and the German counter proposals laid before the entente leaders in this city early in March.

The German government was to submit the text of its note to the foreign relations committee of the Reichstag today and then go before that legislative body to explain its position and perhaps demand a vote of confidence.

COUNCIL MEETING
LYONS — (By Associated Press) — Final arrangements for the meeting of the supreme allied council to be held next Saturday were made by Prime Minister Lloyd-George and Premier Briand before they separated this morning, following their conference relative to German reparations. Both the premiers arose early, and had a long conversation relative to details of the summit they were unable to discuss yesterday.

LEG BROKEN, THOT

Men Wanted at Toledo Attempts Suicide to Evade Arrest

OMAHA, Neb. — (By Associated Press) — Frank Seward, wanted in Toledo, Ohio, in connection with the murder of two detectives, remained in a serious condition at a local hospital today suffering from bullet wounds self-inflicted early Sunday after he leaped from the fourth floor of a hotel, in an attempt to evade arrest.

Two women, one of whom says she is Seward's wife, and a man, whose name, police say, is Harry Savage, are being held at the police headquarters at request of Toledo authorities.

Seward has two bullet wounds in the chest and his right leg is broken in three places. Seward denied he was guilty, declaring that Arthur Poley, who is serving a sentence in an Ohio penitentiary for the killing of the detective, had "framed him."

ROSA CARBONE CONVICTED AS BLACKHANDER

Report Verdict Sunday Morning After Seven Hours of Deliberation—Accused of Writing Threatening Letters to Kliment Naum, Grocer

New Trial to be Sought in Woman's Case—Ross Carbone, Her Husband, Under Similar Indictment, to be Placed on Trial in Near Future

Mrs. Rosa Carbone, 136 E. Fourth-st., was found guilty of writing black hand letters to Kliment Naum, south side grocer, by a jury in common pleas court, Sunday morning at 10:30.

Mrs. Carbone was in court to receive the verdict. She maintained the same demeanor during the trial, not appearing unduly interested or disinterested in the decision of the twelve men who heard her trial was read.

After seven hours of deliberation Saturday night, with no decision reached by the jury, Judge Becker gave the members permission to retire for the night. It was ordered to continue deliberations Sunday.

REACH VERDICT SUNDAY
Members of the jury breakfasted in charge of Bailiff M. F. Boyd about 7 o'clock and returning to the jury room went into deliberation at 8:30 o'clock. Two hours later they announced they had reached a verdict.

Judge Becker, prosecuting Attorney Lippincott and Attorney Hamilton and his client were hastily summoned. The jury had been engaged in hearing the Carbone case since last Thursday morning.

It was the first time in many years in Allen-co. when a jury continued its deliberations into Sunday.

PARK EXPERT TO SPEAK HERE

Myron H. West Will Address Meeting at Lima Club, Friday

A ten or fifteen year park development plan or policy for the city is advocated by the public recreation committee of the Chamber of Commerce.

In an effort to further the adoption of this policy by the city and park commission, the committee is arranging for a meeting at the Lima Club Friday noon, at which Myron H. West, president of the American Park Builders association and park planning expert from Chicago, will speak.

Members of the park commission, city officials, members of the board of directors of the Chamber of Commerce and Merchants' association and directors of Rotary, Kiwanis and Lions clubs have been invited to be present.

West will make a preliminary survey of the park facilities here and will tell those present at the luncheon Friday what he thinks of Lima's needs and possibilities in the way of municipal parks. He will also give his opinion of what the city needs in the matter of city planning.

Members of the Commerce Chamber park committee believe that at this time there is little hope of such a plan being agreed upon or that such action would even be advisable at this time, some preliminary steps towards formulating a definite plan of action here should be determined.

Such a plan might not be agreed upon for years but it is time that public officials begin to give the matter some thought, they believe.

The principal problem before the city and the park commission is how to obtain money to finance the present city parks thru the coming summer.

AUSTRIA - GERMAN UNION VOTED

Province of Tyrol Favors Fusion by Big Majority

VIENNA — (By Associated Press) — Residents of the province of Tyrol, who took part yesterday in a "sentimental plebiscite" relative to fusion of that province with Germany, voted overwhelmingly in favor of such a union, it is indicated in advance reports received here from Innsbruck, Innsbruck was a busy city yesterday. At least twenty-five per cent of the people participated in the plebiscite.

PARIS—Ninety per cent of the votes cast in the province of Tyrol, Austria, yesterday, in the plebiscite to express the sentiment of the people relative to fusion with Germany, were favorable to such a union, according to information reaching Paris today noon.

day. Usually, if a verdict is not in sight, the case is carried over until Monday.

But with the convening of the grand jury Monday, it was necessary the case be disposed of.

Mrs. Carbone was indicted by the grand jury at the December term of court for writing blackhand letters to Kliment Naum, 1219 S. Main-st. The last letter, mailed from Akron, was received by Naum, April 15. It was shown during the trial Mrs. Carbone's husband had made a trip to Akron that day.

LETTERS DEMANDED MONEY
Two of the letters demanded large sums of money from Naum. He received seven letters in all. These played an important part in the trial, being introduced as evidence.

Sentence will not be imposed probably until Tuesday or Wednesday. Motion for a new trial in common pleas court will be asked by Attorney Hamilton, Mrs. Carbone's legal counsel. In case that is refused, the matter will be taken to court of appeals, according to announcement made Monday by Attorney Hamilton.

Ross Carbone, the woman's husband, jointly indicted with his wife on a like charge, will be tried within the next few weeks.

FAMILY WAITING TO BE SHOVELLED FROM SITE

NEW YORK — (By Associated Press) — A steam shovel, used in excavating the site of a proposed modern apartment building today was driving its nose toward a dilapidated, one room shack on Washington Heights wherein reside 84-year-old Martin M. Molenaar, his son and daughter, claimants of \$500,000 worth of the vast and thickly settled acreage to be seen from their door stoop.

These hundreds of acres, stretching in all directions, were included more than a century ago in the estate of William Molenaar, who died in 1812, leaving a quaintly worded will which bequeathed the land to three sons and a daughter.

Claiming that disposition of these lands by his grandfather's heirs was contrary to the provisions of the will, the present occupant of the hut and his children have been there, eight years hoping against hope that they could prove their title rights. Several years ago a supreme court decision biased the hopes of the trio, but they still remained.

Ordered by a contractor to move, they refused. And now like the tiling of a clock each plunge of the steam shovel's nose brings nearer the closing hour of the Molenaar's regime.

TWO CHOSEN FOR SHIPPING BOARD

Democrats Selected by Harding for Positions

WASHINGTON — (By Associated Press) — Former Senator Chamberlain of Portland, Ore., and Frederick L. Thompson, of Mobile, Ala., are understood to have been definitely selected by President Harding as members of the shipping board. Both are Democrats.

There were reports today that the president had settled finally on five of the seven members, but these lacked confirmation at White House. This reported slate included Charles A. Piez, of Chicago, as chairman; Meyer Lisner, of Los Angeles, and Rear Admiral Benson, present chairman. Former Representative Scott, of Michigan, also was mentioned in the gossip in connection with the appointments.

President Harding is said to be undecided as to the third Democrat to be named. Chairman Benson and five per cent of the people participated in the plebiscite.

Among others prominently mentioned now in connection with the board appointment are T. V. O'Connor, of Buffalo, N. Y., head of the International Longshoremen's Union, and James B. Talbot, of Missouri.

WIFE DENIES WAR ORPHAN STORY

Divorce Suit of "Millionaire Sergeant" Wells Reopened

BOTH PARTIES ON STAND

Husband Claims Lucille Letters From Adopted French Child

WARREN, O. — (By Associated Press) — Thomas Wells of Youngstown, the "millionaire sergeant" who is suing for divorce, and Stella Welsh Wells, his wife, again took the witness stand here today in a court session which closed all testimony in the case. Today's session was permitted by the court after testimony had been closed two weeks ago.

In making his argument to the court, William Kenesly, attorney for Mrs. Wells, charged that Wells was "half-drunk" when he appeared on the stand today.

DECISION DEMANDED
Former Judge William P. Barnum, arguing for Wells, asked that the court make a decision as to the charges against Mrs. Herbert Owen of Youngstown and Mrs. Sam Harris of New York, both of whom were involved in testimony by witnesses for Mrs. Wells.

Wells today denied that he had taken a chorus girl from Youngstown to a road house near New Springfield, and also denied improper relations with a New York woman.

Questioned concerning letters alleged to have been written to him by "Lucille," he said that the name of a French orphan he had adopted.

DENIALS BY WIFE
Mrs. Wells in her testimony, said that the war orphan had been adopted by her, not by her husband, and that orphan's name was not Lucille, but Louise. She said the "Lucille" letters were not written by the war orphan.

Mrs. Wells also denied improper relations with any men since her marriage. She said that while Wells was at war she had an allowance of \$1500 a month.

BRITISH STRIKERS SEEK WORLD AID

Attempt to Shut off Coal From Other Nations

LONDON — (By Associated Press) — Renewed efforts to find a basis for the settlement of the dispute between the coal miners and the mine owners were made this morning when representatives of the owners and the executive officers of the miners' federation met here in joint conference with representatives of the government.

The owners submitted a detailed statement of their proposals, and it is understood that the possibilities of a temporary settlement were under discussion. The owners' statement was prepared to advocate a temporary agreement, for a period of three months, after which a permanent settlement would become operative, thus embracing a standard wage and a standard profit.

The temporary agreement would be in the nature of a compromise between the national wage basis desired by the miners and the district basis desired by the owners. Railroad and transport workers have initiated a movement not to handle coal shipped into the United Kingdom from other countries and it was said affiliated organizations abroad were being approached with a view to stopping all coal destined for this country.

Shortly after noon the conference adjourned until tomorrow when Mr. Lloyd-George, the prime minister, will preside over its deliberations.

SON HELD AS SUSPECT IN DEATH OF FATHER

NEW YORK — Arrested in Somerville, N. J. in connection with the murder of his father, in Orlando, Fla. John R. Bryant today was reported to have declared he did not know his father was dead.

Bryant was taken in custody with his wife and infant child after they had been found in destitute circumstances and given shelter on a farm near New Brunswick.

The body of the father was found buried in a lonely spot near Orlando several weeks ago. A pet dog was buried at his side.

IRISHMAN EXECUTED
DUBLIN — Thomas Traynor was executed at Mount Joy prison this morning for the murder of Cadet Farrell, who was killed when he was hanged in Great Brunswick-st. this city on March 14. Traynor's wife and ten children stood in the crowd outside the prison, and their cries were heartrending when the note of the execution was posted on the prison gate. The police kept the crowd from making any demonstration.

"FLAPPER BANDIT" IS CHARGE

PREFERRED AGAINST THIS MISS

Seventeen-year-old Mlle. McDonald of Chicago is held by the police of that city following several highway robberies. They allege she robbed the driver of a taxi. According to the driver, she hailed the taxi and when, after a ride, the driver asked for his fare she pointed a gun at him and took his money, jewelry and the taxi cab itself. She denies the charge.

Mae McDonald, Chicago's "flapper bandit."

AGED MILLIONAIRE BARS HIS BRIDE FROM FORTUNE

ATLANTIC CITY, N. J. — (By United Press) — George M. Oyster, aged millionaire, who died here early today, cut his young bride off without a cent, it was said here today.

Oyster was said to have added a codicil to his will last Saturday, to deprive the young woman of a share in the big estate.

Mrs. Oyster, who was Miss Cecil Ready, of Syracuse, was expected here today, despite reports that she did not intend to make the trip.

Mr. and Mrs. Oyster came north from Miami, Fla., where they spent their honeymoon, only a few weeks ago. There were rumors of an impending separation but friends of the two denied difficulties.

BRIDE IN WASHINGTON
WASHINGTON — (By United Press) — Attorneys for Mrs. George M. Oyster, young widow of the aged business man and horse fancier who died at Atlantic City today, declared she was still in Washington, and probably would remain here.

At Mrs. Oyster's apartment in a fashionable hotel here, servants declared she was out and declined to tell her whereabouts. It was said long distance phone calls had met the same response.

Washington business and social circles were as surprised by the news of Oyster's death and the announcement that his bride of a few months was at his bedside, as by the announcement of his marriage a few months ago. Oyster was 72 and Mrs. Oyster, who was Miss Cecil Ready of Syracuse, was 26. Following the marriage, it was said Oyster gave his bride \$1,000 a week for spending money.

"Mrs. Oyster did not know of the seriousness of her husband's condition," said Daniel W. O'Donoghue, her attorney.

At 10 p. m. yesterday, he said, Mrs. Oyster had telephoned the Atlantic City hotel.

"She was unable to talk with Mr. Oyster because of his condition and those to whom she did talk, could give her no satisfactory statement about his health."

LOVER'S ROW HAS TRAGIC ENDING

Springfield, Ohio, Man Shoots Woman, Kills Himself

SPRINGFIELD, O. — (By Associated Press) — V. J. Wickett, 35, of Mansfield, is dead and Mrs. Lettie Keeler, of this city, formerly of Mansfield, is at the city hospital in a critical condition as a result of a shooting affray this morning.

Police say that the man committed suicide after shooting the woman. One bullet pierced her back. Her condition is considered most serious. She is about 33 years of age, and is a widow.

After their investigation, police said they believed the shooting was the result of jealousy.

They say the woman recently secured a divorce in Mansfield, and came here to live. While on her way to work this morning, Wickett stopped her and police are of the opinion that when she refused to marry him, he shot her, and then turned the revolver on himself. One bullet pierced his head causing instant death.

SOLONS GET PENS

Will Receive Those Used by Davis In Signing Code

COLUMBUS. — (By Associated Press) — Governor Davis will affix his signature to the administrative reorganization bill tomorrow in the presence of members of the legislative reorganization committee. He will use two pens in signing the bill, one of which will be presented to Senator Bellow of Hamilton-co. and the other to Representative Robert C. Dunn of Wood-co. chairmen respectively of the senate and house committee on reorganization.

Members of the legislature were returning today for what may be the last week of the session. The senate is to take up the question of taxation and may also discuss the minimum wage bill in caucus this afternoon.

The house was also expected to take up the taxation problem tonight. Governor Davis has urged both branches of the assembly to settle the taxation problem this week and then adjourn sine die.

DATE NOT FIXED FOR HEARING

Mayor Holds Suspension Cannot Be Contested

DURBIN AWAY, CASE DELAYED

Temporary Chief Awaits Outcome of Fight on Roush

Setting of a date by the municipal civil service commission to hear O. J. Roush's appeal from Mayor Burkhardt's order of his suspension as chief of police was delayed Monday by the absence from the city of F. W. Durbin, a member of the commission.

F. W. Zeitz, president, informed Attorney Light, attorney for Roush, that he should get in touch with City Solicitor Garling and that should they agree on a date it would be alright with the commission but later said that nothing could be done until Durbin returns.

It was said at Durbin's office Monday afternoon that he would not be in the city until Tuesday evening and probably Wednesday.

Notice of Roush's suspension for 30 days from the office of chief of police was received from Mayor Burkhardt by Ben Motter, clerk of civil service commission Monday morning. Attorneys for Roush say that in doing this the Mayor admits Roush's right to an appeal.

LEGAL CLASH IS ON
Attorneys for Roush are of the opinion that it is up to the commission to set date for hearing Roush's case without further activity on his part, but if the commission so desires, a written appeal will be filed.

Mayor F. A. Burkhardt and the city solicitor still contend that Roush has no appeal and that under the law the commission has no right to interfere with the 30-day suspension for "disciplinary purpose, for insubordination."

The commission has already formally agreed that Roush has a right to appeal to them and that they will hear his appeal, it is understood. The mayor hinted at the probability of the case being brought into common pleas court Monday morning but would make no definite statement.

HARGROVE IS WAITING
Acting Chief of Police Jess Hargrove is awaiting developments in the mayor's fight against O. J. Roush, suspended chief of police.

"I am not contemplating any changes now," Hargrove said Monday. "As it would not be right for me to come here and make radical changes before being made the permanent chief of the department."

"For the next several days things will be permitted to run along as they have been, unless orders from Mayor Burkhardt instruct me otherwise."

"I am here to do all I can, but not to overhaul the department before the trouble is settled between Mayor Burkhardt and Roush."

"Should the civil service commission uphold the mayor, it is likely that I will take some action in bettering the present conditions in this department."

"I think my stand will be acceptable to the public, which understands the predicament into which I have been placed on short notice."

THREE DROWN IN AUTO WRECK

Detroit Party Overturned in Ditch Near Toledo

TOLEDO. — (By Associated Press) — Two women and a 2-year-old girl met death from drowning when a automobile containing seven Detroit persons turned over in a water-filled ditch on the Dixie highway, four miles south of Perrysburg, near here, early this morning.

The dead are: Mrs. Etta Roberts, 51, of 2635 Seminole avenue, Detroit; Mrs. Bertha Woodhull, 1184 Calvert avenue, Detroit; and Royal Etta Roberts, 2 of Detroit.

Coroner J. C. Witherill of Weston, Wood county, gave a verdict of accidental drowning.

The car was coming toward Perrysburg. A ten foot ditch runs along the Dixie highway at this point.

Frank Woodhull, the driver, turned to the side of the road to avoid a rut. The machine skidded and plunged into the ditch mowing the women and baby underneath.

Another man beside Woodhull in addition to two small boys escaped uninjured.

VONACHER AGAIN IN THE TOILS

Belgian Arrested Second Time on Ledger Charge

DELPHOS PLACE IS RAIDED

Improvements Promised—News From Delphos

DELPHOS — (Special) — Ferdinand Vonacher, Belgian arrested here recently and fined for selling whiskey, was again taken by the police Saturday. He was assessed a fine of \$300 and costs by Mayor Jauman on a charge of selling "white mule." He was unable to meet the fine, but was freed by the mayor to support his family. A portion of the fine was paid, the remainder of which is pending.

John Counts of Spencerville, was arrested while driving an automobile while in an intoxicated condition. He had been imbibing freely of forbidden fluid, which he claimed he purchased at a soft drink emporium. The police place was raided by the police and a quantity of the beverage taken, police say. A sample was sent to Columbus for analysis. Counts was fined \$30 and costs.

Between 300 and 700 members of the I. O. O. F. will be in this city Tuesday, when the second meeting of the district will be held here. All district lodges will be represented, as well as Lima, Spencerville, and other cities which are not in this district. James C. S. Younger, Past State Grand Master, now representing the Grand Lodge, will speak. The meeting, strictly social, will be followed by a banquet. A parade will precede the meeting, starting at 8 a. m.

Cases of Sam Tilton and Stephen Schleuter, were before the Allen-co grand jury Monday. They are charged with beating John Smith, crippled night watchman at the Hinde & Dauch Paper Mill into insensibility and with robbing him of \$140.

About 30 members of the Delphos Knights of Columbus went to Toledo Sunday, where they were members of a class which was given the fourth degree of the order.

Allen-co commissioners Gray and Craig conferred with service director Bryan of this city, regarding needed improvements here. A new bridge will be built over the Miami and Erie Canal at Clime-st. and several other improvements made. The commissioners also promised that further funds will be allotted to Delphos for the betterment of the city.

Knights of Columbus here are making extensive preparations for their May festival which will be held at St. John's auditorium May 10-12. The proceeds will be placed in the fund for the erection of a community home here.

Richard Will, 18, until recently a resident of this city died in Ft. Wayne a week after undergoing an operation for appendicitis.

First degree was conferred on a class of 30 candidates at a meeting of the Ottoville council, Knights of Columbus. The work was exemplified by the first degree team of the Delphos council.

A. S. Brennan near here is the owner of a cow which on semi-official test made a record of 2183 pounds of milk and 82.91 pounds of fat, equivalent to 103.74 pounds of butter, in one month.

A pageant entitled "India's Mass Movement," will be presented by the Methodist church here Friday evening, under the direction of Dr. Ban-troft, of India.

"Deacon Dubbs," a comedy, was presented here by the Rebekah Lodge. The cast was made up entirely of local talent.

SUSPECT HELD IN WALL-ST BLAST

GIRL FRIEND OF LIGI SOUGHT

Believe She Can Aid in Wall-st Bomb Plot Probe

SCRANTON, Pa. — (By United Press.) — Tito Ligi, suspected of complicity in the Wall-st bomb plot, was expected today to be formally charged with the crime as a result of his identification as the man seen beside the "death wagon" five minutes before the explosion.

Following the filing of the charge machinery would be set in motion to have him extradited to New York for trial.

The identification was made by Thomas Smith of Brooklyn, former lieutenant in the fire department. Two other witnesses brought here from New York were unable to identify him.

Search for a missing sweetheart of Ligi was renewed with added vigor after the identification. The young woman who worked with Ligi in a restaurant in Center-st. has been seen in the city since the day after the arrest of Ligi. It is thought by investigators that she may be able to give valuable information about Ligi and his activities. It was reported to local government officials that Ligi was the leader of a miners' strike in Moacaniqua last August and that he raised a red flag over a camp where the miners were staying outside the town.

U. S. ARMY CALLED WORLD'S BEST

Outfit in Germany so Praised by European Countries

VIEWED BY MANY NATIONS

Organization Studied by Prominent Military Men

COBLENZ — (By Associated Press) — A complete outfit, a miniature army equipped with all necessary services, capable of taking the field at 24 hours' notice without the assistance of any outside elements and one of the best military units ever organized in the world's history of armies—such is the description that military men, allied, neutral and former enemies apply to the American Army of Occupation as it is constituted today.

That the efficiency of the training system of the American forces in Germany, the excellence of their equipment and their faultless military bearing are generally recognized throughout Europe is shown by the fact that missions from various countries have either visited Coblenz during the past few months or have applied for permission to come to this base and get first hand knowledge of how it is done.

A few weeks ago the Chief of Staff of the Swiss army accompanied by several officers, spent a week in Coblenz as the guest of General Allen, the American commander, attended inspections, visited the barracks, reviewed the troops and returned to Berne to tell the officers of the Swiss army that the American army on the Rhine was "the most up-to-date, the best equipped and the best looking military outfit of all the armies of the world."

A commission from the Netherlands made a similar visit and was equally favorably impressed and now the Finnish government has asked permission to send a commission to Coblenz.

PLAN OF OPERATION — Should circumstances require the American Army on the Rhine to move against an enemy or to occupy further territory, 10,000 infantrymen composed of the First and Second brigades would furnish the bulk of the fighting force.

Their advance would be guarded against surprises and ambush by 300 cavalry and 18 airplanes, which would do the scouting before the moving infantry. Three trained pilots are available for each plane in case of airman meeting with accidents.

One thousand artillerymen, serving eight batteries of field guns, would be on hand to supply a barrage, should it become necessary.

Three hundred men of the Signal Corps battalion would look after telephone and telegraph communications with the base at Coblenz. The Railway Engineers battalion, which is receiving constant practical training on a little branch line on the right bank of the Rhine which they are operating would, with the assistance of the Motor Transport corps, attend to the service of supplies of the expeditionary force.

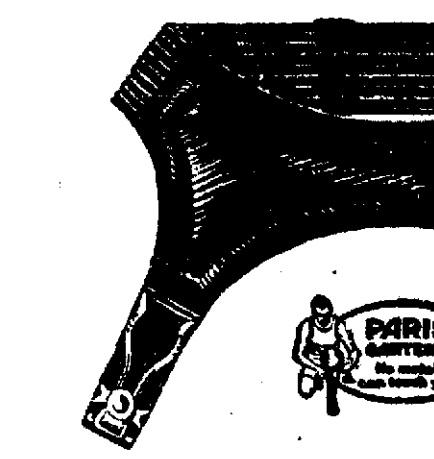

The Engineers First battalion would throw pontoon bridges over such streams as were traversed in the advance. Six ambulance companies, assisted by a Medical corps of 600, establishing field hospitals, would give first help to the wounded before their evacuation to the base hospital.

AGREED ON WAGE OUT — NEW YORK — A reduction of 15 per cent in the wages of piece workers in the stove manufacturing industry has been agreed upon by both the Stove Foundry National Defense Association and the Iron Molders' Union of North America. It was announced at the close of a two weeks' conference between representatives of the employers and the union.

QUINTETTE TAKEN OVER SUNDAY BY POLICE ON DRUNKENNESS CHARGES

Five men and a woman were arrested by police over Sunday and arraigned in criminal court Monday morning on drunk charges.

A. F. Kelly, 37, and his wife, Mrs. Berrie Kelly, 39, of 503 E. Market-st., appeared before Judge Jackson and pleaded guilty to charges of drunk and disorderly.

Kelly stated that he bought a quart of whiskey from an up-town bootlegger Saturday night for \$12.

He and his wife were arrested by Officers Crisberry and Glover at their home, following reports of a disturbance by neighbors. Frank Graham must pay a fine of \$50 and spend the next 30 days in the Toledo workhouse.

When he appeared before Judge Jackson, the jurist said he was tired of having Graham in court so much and added the penalty.

Graham was arrested on Arch-ave by Captain Dawson and Officer Blair.

Ed Broschutter, 29, 217 McPherson-ave, a mechanic, failed to appear for hearing. Police were ordered to re-arrest him and bring him before Judge Emmett Jackson.

John Davis, 22, of 135 1-2 S. Main-st., pleaded not guilty to a charge of drunk and disorderly. He was arrested by Officer "Dick" Watkins at St. Johns-ave and Second-st and gave his occupation as a railroad clerk.

POETRY IS FORT OF JAP PRINCE

Talks Verse, Not War, to American Charge D'Affaires

(By DUKE K. FARLEY.)

TOKIO — (International News Service.) — The official report of the departure of the Crown Prince of Japan for foreign lands not generally known, but now carefully filed away in the archives of the State Department in Washington, occurred at the Anzaka Palace in Tokyo a few days before His Highness left.

The Prince was giving a farewell banquet for the heads of the various embassies and legations in Tokyo and, after a banquet which will long be remembered as a marvel for beauty and excellent food, the ambassadors, ministers and charges stood outside the Prince's private room awaiting for the coveted short informal conversation which they went to have with the future Emperor of Japan.

Mr. Charles E. Hill, Ambassador from Great Britain; Basil Krupenski, Ambassador from Russia (the Russian Government is recognized by Japan), and numerous others ranking as ambassadors had had their few moments of informal conversation.

Mr. Edward Bell, American Charge D'Affaires, ranking as a Charge, was among the last to enter. It was known that the Crown Prince talked little English and that his usual topics were "Do you like Tokyo?" "Are you anxious to see our beautiful cherry blossom season?" or some other subject of passing importance. These topics had been taken less than five minutes for discussion, and for that reason, when Mr. Bell remained with the Prince five minutes, then ten, the waiting ambassadors and ministers fidgeted.

"Is he signing a new treaty, starting a war or what?" was the remark made by one of the old members of the Corps Diplomatique.

POETRY, NOT WAR.

Quite naturally, therefore, when Mr. Bell came out he was asked numerous questions as to the length of time he had conversed with the Crown Prince. When he replied that the Prince was simply questioning him regarding the poetry of Mrs. Charles Burnett, wife of the Military Attaché of the American Embassy, his hearers were astounded.

Mrs. Burnett ranked high in the New Year poetry contest held by the Imperial household. She was summoned numerous times by the former Empress Dowager before the latter's death and was remembered in the will of the Empress when she died.

Her poem, "And You Shall Walk Therein," written on the occasion of the Prince's departure for Europe, and sent from Japan to all of the countries included on the Imperial trip, has created much favorable comment in court circles.

Then settled, she agreed.

So when Mr. Bell entered he was not greeted by a formal Crown

Prince. Lament, without introductory remarks His Highness said: "Have you read Mrs. Burnett's poem?" To which the American Charge D'Affaires replied that he had, and there followed a ten-minute conversation on the splendid work of Mrs. Burnett's works. Now, rumors in the past have said that Mrs. Burnett, who is by Charles's name, Mrs. Ligi, charged the Prince with great jealousy. The Prince was indeed after a fashion which Gracile had bestowed upon her while she was preparing with a burlesque show in Cincinnati last week. The Prince's charge that Gracile stole thousands of \$500 worth of goods and funds from his employments had been.

GIFTS TO ACTRESS LEAD TO ARREST OF GUNMAN

CINCINNATI — (Special) — A man who took gifts to actress and other celebrities, for a long time, was arrested Saturday. The Prince was indeed after a fashion which Gracile had bestowed upon her while she was preparing with a burlesque show in Cincinnati last week. The Prince's charge that Gracile stole thousands of \$500 worth of goods and funds from his employments had been.

Do You Know a Baby Sick With Constipation?

Tell the mother to give her baby a course of Dr. Caldwell's Syrup Pepsin.

No mother with a baby who is not a good, healthy baby, will not give her baby a course of Dr. Caldwell's Syrup Pepsin. It will cure any baby's constipation, many a mother's grief.

When the baby cries and is fretful, when the baby has no appetite, when the baby is fussy and nervous, when there are complaints of headaches and colic, the mother can expect constipation. Give Dr. Caldwell's Syrup Pepsin. It is the most powerful laxative in the world, when you put the child to bed, and it will soothe the stomach and help it to digest.

Dr. Caldwell's Syrup Pepsin is a popular compound of Egyptian Senna and other simple, laxative herbs with a pleasant, pleasant-tasting aromatic. It is as gentle and as reliable, and children take it without objection. A sixty-cent bottle is enough to last an average family many months. The ingredients are endorsed in the U. S. Pharmacopoeia, and last year American mothers bought over eight million bottles of Dr. Caldwell's Syrup Pepsin from druggists. It is the largest selling liquid laxative in the world, and few families are ever without it.

Send me your name and address and I will send you a free trial bottle of Dr. Caldwell's Syrup Pepsin. Address me Dr. W. B. Caldwell, 212 Washington Street, Cincinnati, Ohio. Every bottle contains a full and complete description, and it will tell you how to use it. Write me today.

HIGHWAYMEN ROB YOUNG GIRL
Relieved of \$5 Donated to Buy Slippers for Teacher
FARMER FALLS FROM HAYLOFT
Lee Kicked by Horse—General News of Wapakoneta

WAPAKONETA (Special)
On her way to this city to buy her a pair of slippers with money donated by pupils of the Stroh school, Edith, 15, daughter of Mr. and Mrs. Harvey Russell, six miles south of here, was robbed by two masked bandits, Saturday.
She was making the trip with horse and buggy. The men waited for her on the road and while one remained in a roadster, the other jerked the girl from the buggy and robbed her of \$5 and a string of beads. The robbery occurred several miles from her home.
Because they made her drive into town, it was an hour before she reported the robbery to officers. A posse was organized and country-wide scoured, but the two made a clean get-away.

IN THE SPRING YOUR BLOOD NEEDS A TONIC
Winter Weakens Blood Makes Faces Pale. Take Gude's Pepto-Mangan
The Best Known Blood Tonic
Drowsy Spring-Fever Feeling That Comes from Sluggish Blood Will Soon Leave You
As all growing things on earth shoot into new life in Springtime, so do the billions of cells that make up each part of the body renew their vigor.
As you open the windows, breathe the Spring air, and let in sunshine, the red corpuscles in your blood should carry more oxygen to the tiny cells.
The red corpuscles are tiny disc-shaped particles, swimming in enormous numbers in the blood. They carry oxygen to cells in all parts of the body, and they carry away worn-out waste matter. Sometimes, especially in the Spring, after the winter indoors and more or less sickness, the red corpuscles themselves need rebuilding. Gude's Pepto-Mangan contains just the ingredients to give them greater power to absorb oxygen and to distribute it through the body.
That is why it is such a good Spring tonic. It helps so much to bring back color to cheeks made pale and wan by the necessary indoor winter life. It adds to the number of red corpuscles. With fine Spring days and Gude's Pepto-Mangan you gain vigor and attain good health.
Don't go around drowsy this Spring. Take that good tonic, Gude's Pepto-Mangan. You can get it in tablet form or in liquid form at your druggist's. Both forms have the same medicinal value. Insist upon genuine Gude's Pepto-Mangan.—Adv.

EVERYTHING WENT AGAINST HIM SAYS THIS LOCAL MAN
Became rundown, nervous, weak, vitality was low, kidneys out of order, liver sluggish, and often had dizzy spells.
Claims great relief from Drecko, the medicine now talked about so much. Now sells at old price.
Many troubles the human family suffers from, may be traced to a sluggish or inactive liver—when the flow of bile is poor, or insufficient the stomach often fails in its duty to digest the food properly; constipation, in many cases, may be traced to a poor supply of bile. Headaches, bad taste in the mouth, foul breath, dizzy spells, a coated tongue, spots dancing before the eyes, are also symptoms of a sluggish liver. Read what this well known local man says Drecko did for him. He is Mr. J. W. McGuire, living at 786 S. Metcalf-st., Lima, Ohio, who says: "I credit the big improvement in my feelings to the way Drecko overcame my constipation, roused my liver, got my kidneys working regularly, and by aiding my stomach to digest the food. Before taking Drecko, it seemed like everything I ate went against me; caused pains in my stomach and bowels, gastritis and headaches. I had lost my energy, couldn't sleep on account of my nerves being on edge all the time, had dull pains in my back and was daily constipated. All these troubles have passed away under Drecko treatment, and I'm glad to give praise to this wonderful medicine." Drecko is now sold by all good druggists and is highly recommended in Lima by Baldwin's Central Drug Store, corner Main and High-sts.—Adv.

Is Backache Making You Miserable?

Are you dull, tired and aching with a bad back? Do you lack ambition; suffer headaches and dizziness—feel "all worn out"? Like your kidneys are to blame. Lame, sharp, stabbing pains, backache and annoying urinary disorders are all symptoms of weakened kidneys. Don't wait for more serious trouble. Get back your health and keep it! Use Doan's Kidney Pills. Home folks tell their merit. Ask your neighbor.
Here's a Lima Case
Enos G. Conner, 218 N. Washington St., says: "I had an ache through my kidneys and a stitch caught me across the small of my back. I used Doan's Kidney Pills and they rid me of the attack. Since then when a cold or strain has caused my kidneys to become congested and my back ached, a short use of Doan's has done me good.—Adv."

BEAUTIFUL "VAMP" LEADS BANDIT GANG
SNOOK FALLS, E. D.—The authorities of Salem, Spencer and other towns near here are seeking the beautiful "vamp," who is advance agent for a bandit gang which recently has visited a number of stores in these villages.
The young woman's method of operation is reported to be simple. She visits a store, "vamps" an employee into telling where funds are kept, and then, a night or two later, leads her bandit gang back to obtain the loot.

Peabody Says He Was Discouraged
Local Man Had Suffered Five Years Without Relief Before He Got Tanlac
"I don't know what it is but there is something about this Tanlac that certainly does the work," said Harry Peabody, 1047 Pitkin-ave., Akron, well known employee of the S. F. Goodrich Company.
"I never heard of anybody who suffered with their stomach worse than I did for five years before I got Tanlac. I had to live on a light diet, couldn't eat anything solid, even then I suffered misery from indigestion. I got to the very verge of food made me sick and I was dreadfully tired to go to the table. I never could eat any breakfast and was afraid to eat supper because I suffered so I could not sleep and would lay awake most of the night. I tried everything I could tell of but nothing seemed to do me any good and I became very blue and discouraged."
"I certainly am glad I got Tanlac, for it has done me so much good I don't feel like the same man. My appetite is so keen it is almost impossible for me to get enough to eat and my stomach is in such a good condition I haven't been able to find anything I couldn't eat. I enjoy my breakfasts now and can eat a hearty supper and go to bed and sleep like a log. I haven't a pain or ache and feel fine all over. People who suffer as I did will certainly do well to give Tanlac a trial."

VACATION TIME COMING

WITH the advent of balmy weather conditions, budding trees and blooming flowers, thoughts of restless humanity in a great measure turn to visions of vacations—periods when tired workers get away from the daily grind of toil, to rest body and mind in the great outdoors, along the shores of rivers, lakes or the sea, or in woodland retreats where the bodily needs are the only concern and the call of the night bird and the sighing of the wind thru the trees is the lullaby that woos to slumberland.

When winter's snows have gone and the icy breath of Boreas has been dispelled by the invigorating air of spring; when the languorous breath of long days of sunshine bring into life and light the beauties of nature in growing things, the tendency of the mind toward the much coveted and greatly desired vacation time cannot be diverted by the average person. And neither is there a desire to divert it.

There is a popular saying and a well proven fact that there is quite often more in anticipation than in realization. In other words, apples always look better from a position outside the orchard than they do in a closeup. Experience teaches that in vacations too, there is more enjoyment in the prospect than in the reality. The truly happy and contented person, who pursues his work for the sheer joy of it, seldom tortures his or her mind with visions of the day when work will be laid aside and superb idleness become their portion.

And usually, a so-called vacation is prolific of the expenditure of more vitality than by the pursuit of one's accustomed vocation. We used to believe that work was the "pace that kills." Now we are convinced that standing still is what kills. An occasional brief rest from accustomed duties is generally prolific of the results anticipated, but most anyone will, if answering honestly, tell you that not infrequently they return from a vacation more tired and spent than when the period of "rest" began.

It is the change of environment, the breaking away from a fixed routine, that tires and brings discomfort. Those who do not feel the need of vacations generally appear the most contented.

UNEMPLOYED KEEP BUSY

GARDEN making, tree trimming, work in the flower garden and cleaning up about the premises is resorted to by numerous persons out of employment at the present time. While large numbers of men who were temporarily idle are again at work as wage earners, those who are not so fortunate have been, or should be, giving their time and effort along profitable lines instead of loafing about street corners.

Citizens generally who have had need of labor in making improvements about their premises have responded splendidly to the request that they thus aid in helping to relieve the unemployment situation. There is no need of absolute idleness for the unemployed.

BETTER SIDEWALKS

A COMMITTEE of the Chamber of Commerce is working on the lowly but laudable project of better sidewalks in this city. The first expedient adopted lies in the direction of an endeavor to arouse within property owners a sufficient amount of pride to cause them to do away with unsightly, uneven, dangerous and altogether undesirable walks, replacing them with modern construction, not only more soothing to the eye, but more safe for pedestrians and so built that water will not stand in muddy puddles long after a rain.

There is no disputing that fact that in the matter of walks, Lima is sadly deficient. This is quite pronounced in the business districts. With the narrowing of streets by paving projects, sidewalks have been added to, piecemeal, with the result that in most instances that part of the usual street set aside for the comings and goings of pedestrians, resembles a crazy quilt. Ups and downs are the rule, places for the stubbing of toes and the harboring of water puddles.

It is pleasing to note that the Chamber of Commerce campaign is bringing about the desired results in some sections. Pride in surroundings is being aroused and wherever you see an old walk removed and a new one laid, give the Chamber of Commerce committee the credit of having aroused the sentiment that impelled it. While there has been considerable improvement in this respect this spring, there still remain many places where new sidewalks would not only be acceptable, but are highly necessary.

In cases where people are injured by broken down walks, if damages are sought, the city is the point of attack in court suits. In event of damages being awarded, the citizens generally are required to pay for the neglect of an individual. Thus, there is ample grounds for a campaign by either official or civic bodies, designed to awaken a spirit of pride in one's surroundings.

The movement ought to go on unabated until every dangerous sidewalk in the city is removed and walks constructed where needed and where none now exist.

A STARTLING ADMISSION

THE public approves of the violation of the prohibition law. It must be so, when the statement comes from no less a personage than John F. Kramer, United States commissioner of prohibition. He is opposed to placing the work of enforcing prohibition in the hands of the department of justice and quite frankly admitted that the most serious obstacle to the enforcement of the Volstead act lies in the fact that the public looks on with unconcern or approval when the law is fractured.

If that is the opinion of the head of the prohibition enforcement department, there is doubtless very good reason to believe that there is more than a modicum of truth in it.

O. F. TRAIN BOY IS GONE.
O. O. M., who is on a trip west, assures us in a letter that the old-fashioned train butcher seems to have reformed. He says: "The train boys do not carry glass revolvers filled with colored candy. It is something a young generation should see. It teaches them self-sacrifice. In my days every boy or girl train passenger wanted one, but I never knew a parent to invest."

"There has been a great uplift among train boys, too. They used to be called 'butchers' and they seemed to my youthful mind to represent all that was worldly and wicked. Now they call them 'train pages.' And they carry the 'Atlantic Monthly' on top, instead of the 'Police Gazette.'"

"Once, traveling from Gallipoli to Cincinnati, a train boy whispered something mysterious in my ear and slipped me a sealed package. It had come straight from Paris and was full of naughty pictures. It must not be opened until I had left the train. I gave him fifty cents and that night in my hotel room, with all the curtains down, I opened it. It was a book edition of Molstetier's almanac."

SCIENCE AND PHILOSOPHY.

An individual, who has much time to think, entertained us with the following at our club recently:
"The great fundamental law of the physical universe, upon which indeed its very existence depends, is what is called 'the conversion of energy,' namely, that wherever there is a force there must be another force opposite and equal to it; the reason why, if you strike your fist upon a table you hurt your knuckles, is that the table strikes back with a force relatively equal to that which you have used, and wherever we turn we have similar experiences of positives and negatives, plus and minus, which are equal and opposite, not only in physical phenomena perceived by our sense organs, but also even in our very conceptions in the realm of abstract thought."

This modern "hootch" is bringing out some great theories.—Marcel.

A LITTLE SLICE O' LIFE.

I was riding down town in a street car the other day and next to me stood a man Past middle age and of very refined Appearance, with iron gray hair. He apologized for being obliged To keep his elbow between my ribs And then told me that he was A Scientist, connected with A well-known university. It was my ill luck to be Chewing gum at the time and My unexpected friend spoke thus: "My friend, I see you are chewing gum. Now, it is none of my affair, but I think I should tell you, That I have made a study Of the vital fluids of the body. There are only two of them, The great life fluid and The saliva. Now, when you Chew gum as you are chewing it, You use up the saliva faster Than it can be produced and you Are shortening your life." I immediately canned the gum. That evening, going home, I saw the same man who Told me I was shortening my life About ten minutes a day by Chewing gum. He was some way off And was reading an evening paper And he was chewing gum.

JUST FOLKS—BY EDGAR A. GUEST

THE EVENING WELCOME

There's a certain thrill of pleasure in a battle fought and won. And it's good to hear men cheering for some splendid thing you've done; There is real satisfaction when a business deal you've made, And there's pride and joy in counting up the profit that it paid; But the thrill that goes the deepest and is laden with delight, Is the welcome of your own folks, when you're getting home at night.

Out beyond the home is laughter of a certain sort, I know, And it's good to have the friendship of the men who come and go; It is good to win their praises and it's fine to have them cheer, (Copyright, 1921)

WHAT THE STARS PREDICT

This is not a lucky day. Under this rule of the stars it is unadvisable to engage in any undertaking in which even the slightest risk is involved, since there is small likelihood of its terminating successfully. There is an indication that there will be an increase in the number of divorces early in the autumn. It is prophesied that Norway will become involved in troubles with other nations. Persons whose birthday this is, will know much travel and change during the coming year. They should avoid risking money in new undertakings. Children born today will be bright and energetic, but unless they cultivate fact, they will not be particularly successful. (Copyright, 1921)

HEALTH HINTS

By William Brady, M. D.
A GOOD YARN
S. L. K. occupies the pulpit today, children. Regular conductor's gold 'shin'.

Dear Doctor:
I have followed your health talks day by day and I wish every man, woman and child in this land were compelled by law to read and absorb your teachings. The ignorance of most of our supposedly educated people is indeed appalling. They still "catch cold" out in the air! Altho I have on many occasions had my feet wet all day and nearly frozen to death, let me say that since I have learned a few things from you no one has succeeded in handing me a respiratory infection. For which I take off my hat and heartily thank you. More power to you and your work! I have learned so many good things from you and the five minutes I spend with you daily is a joy—and it's all FREE! Perhaps that's the reason some people do not read you. I just wanted to thank you. Let me close by saying that the fellow I take off my hat to has got to be some fellow.

Very respectfully yours,
(S. L. K.)

If there any answer? Well, please don't bother me now. I think I've got a bite. Fill out the rest of the space with the letter from the Wisconsin real estate man—give 'em the Wisconsin idea, you know.

Dear Doctor Brady:
We took dinner with my wife's folks. Mother-in-law had a so-called "cold," but of course she just had to hold baby on her lap and wipe his mouth with her handkerchiefs, etc. I objected, and a great row followed. I had to fight four of them single-handed. Well, on the night of the second day following our visit the baby began to cough, and for six days we had an anxious time with the little fellow. He couldn't breathe thru his nose, took practically no food, coughed and sneezed incessantly day and night, and lost considerable weight. His hands and feet were always cold, tho he had a high fever, and he was sweating much of the time.

In the course of this sickness I found the baby was cutting his fifth tooth, a lower one.

Every man, woman and doctor says the cause of all this illness was the cutting of the tooth.

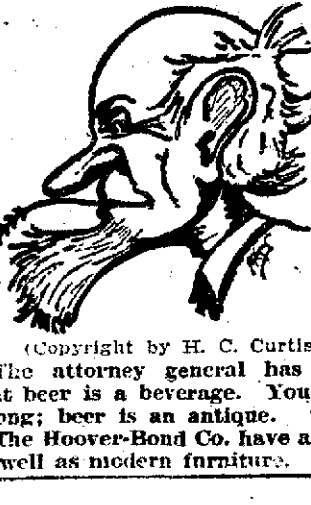

I believe the cause was infection unwittingly contributed by the baby's grandmother, either directly by spray infection or by the use of her handkerchief on the baby's face.

If cutting a tooth can account for such an illness, I don't see how it happened that the baby cut his four other teeth without having coryza, bronchitis or any other disturbance of health.

Yours respectfully,
(R. F. W.)

Get the Most for Your Money

PRICE appeal has always had its following. But it is truer today than ever that nothing can substitute for quality.

An almost unbelievable increase in economy, power, and all-around performance is produced by the Lexington and the Moore Multiple Exhaust System, exclusive with Lexington.

Other features that place the Thoroughbred in the forefront of fine cars are the United Non-rattle Frame, with too less parts; the 2-Way Head Lamps, that give full light without glare; the Equalizing Cable-foot-Brake; and the One-finger Emergency Brake.

In fact, it is a masterpiece of the ten great factories, affiliated with Lexington, that make possible a co-ordination of resources and facilities: the only way, in fact, that such a remarkable car can be built.

Let us show you how to get the most for your money—now!

Why don't you arrange for a demonstration April 25 to 29?

'MAN-WOMAN-MARRIAGE' IS WONDERFUL STORY

Dorothy Phillips Stars in First National Screen Story of Unusual Magnitude

Resume of Plays That Please Patrons of Lima Theatres— Jim Grubb's Debut

(BY ESTHER WAGNER)
"MAN-WOMAN-MARRIAGE" is the expressive title of one of the wonderful pictures of 1931. Wonderful in the splendor of its gorgeous love. Wonderful in its magnificent sweep of time, crystallizing the story of woman from the cave age to the present day. Wonderful in its frank picturization of the passions and follies of Constantine's pagan world and of our own world today. Wonderful in the vastness of its panoramas. The cast numbers over six thousand players. It's a First National attraction, starring Dorothy Phillips.

"Brewster's Millions"
It has ever been necessary for you to dispose of \$2,000,000 in one year's time without any gifts or explaining your weird expenditures to anybody, you will, of course, sympathize heartily with the hero, Brewster of this story. He had to get rid of two million in order to make ten million. The story is George Barr McCutcheon's and it is a laughable and interesting one. Myself (we are nobody) I would have chosen someone, a boy more like and romantic, for the role of the hero. Some, in the present case, Mr. Arbuckle doesn't qualify. Not that he throws costar pies rather than to him—dulling the blade of your interest in his affairs. He is seen first as a baby—in his baby clothes and a bonnet—much sought over by his paternal and maternal grandfathers. One is a Brewster and thinks a Brewster shouldn't soil his hands with work. The other started at the foot of the ladder, becoming in the course of time the millionaire owner of an ice company. The Brewsters bestow two millions on Monte when he attains his majority, that he may "live as a Brewster should." The ice man promises him ten million if he gets rid of the two million in a year. Doesn't sound a bit difficult, but it is when you can't explain your mad desire to lose money. Of course, they think he's crazy, and complications follow thick and fast. Betty Ross Clarke is the girl in the case and a pretty, pleasing one—a refreshing foil to the roundheads of the hero. In their various roles, the other members of the cast stack up well. Lots of action in this picture. Some amusing incidents. Arbuckle fans will probably like it. Appearing at the Faurot.

"Skirts"
Producing companies all seem to be taking a literary feature comedy. "Skirts" is Fox's latest novelty.

It is not fashionable any more for comedians to smile. The delicious Buster Keaton, the dumpy, snub-nosed, the indignant Larry Semon, all maintain a determined calm thru most of the vicissitudes, comic and otherwise—mostly otherwise—that beset them. Clyde Cook, appearing in "Skirts" is no exception. Now "Skirts" may be funny. I am inclined to think that it is. The mere fact that a few of the funny things Mr. Cook does, didn't get a chuckle out of me is no proof that it isn't a good comedy, for a beautiful blonde lady sitting directly opposite me, judging from the frequent laughs that came from her direction, thought it was funny, and she sat thru the really entertaining little "Bill and Bob" comedy, so that she might see the feature again. So, you see—

There's a lot of Clyde Cook thru-out the picture, cast as a poor boob, jack of all trades with a circus. He loves the owner's daughter and she loves him. The strong man, however, also loves her. Mr. Cook is the bearded lady's son. Papers arise to prove that the circus boob is an hero. But, ha, they are ston-holen by the strong man. My, my, everything looks dark for poor Clyde, but don't forget that every comedy scenario provides a happy ending. This one is no exception.

Well, summed up, there's lots of Mr. Cook, too much of the strong man, not enough of the midgets, scarcely any skirts—lots doing all of the time and plenty of laughs— if such is the kind of thing you laugh at.

Certainly the photography is fine and some of the stunts, like the low motion acrobatic stuff and the railroad-airplane stunt, a la Helen Holmes is quite electrifying. The little prologue which shows plaster characters representing Adam and Eve, is one of the funniest things of the entire comedy.

"Skirts" is appearing today at the Sigma theatre.

"A Voice in the Dark"
A DEEP, deep, mystery is "A Voice in the Dark", and because it is such, I enjoyed it immensely. The mystery element starts right at the beginning and you are kept in burning suspense till the last flicker, wondering who killed Dr. Sainbury.

There are really four persons who might have had a reason for the aforesaid killing, and each of the four seem to be the real murderer: Mrs. Lydiard, a patient whom he had deceived by giving sugar pills, and who harbored an unreasonable resentment against him; Blanche Warren, who had the age-old woman's reason; her sister Adele who might have been prompted by jealousy.

over, and Adele's sweetheart, who had his successful rival. You wonder and wonder, and in your wondering you overlook the one who had the real reason for the murder. It is thru the testimony of a blind man and a deaf woman, inmates of the sanatorium, where most of the incidents occur, that the mystery is finally unravelled. The cast, my dear, is a nice one. There's Irene Rich, quiet, clean, and natural, who has the role of Blanche Warren. Ora Carew is the younger sister, Adele. The acting of everyone concerned, it seems, is splendid and conscientious, and it's a safe bet, that if you like to sit in a theatre and imagine you're a Sherlock Holmes, working out your clues to the ultimate apprehension of the culprit, you will like immensely "A Voice in the Dark." It is appearing at the Regent theatre.

Dorothy Devore.

About the most interesting group in the films today is the little group of comedienne who surprise us every once in a while by becoming regular dramatic actresses and leading women or stars. And one of the prettiest and most vivacious of all of them is Dorothy Devore, the little girl who for two years has been playing the dainty heroine of those highly amusing one-reel Christie comedies.

Miss Devore flashed forth recently at Mary in "Forty-Five Minutes From Broadway," Charlie Ray's first independent picture, and showed she was a real actress with subtle and convincing technique. Now she has returned to Mr. Christie, who will star her in a series of two-reel comedies.

Miss Devore, whose real name by the way, is Inez Williams, was born in Fort Worth, Texas. She went to California with her parents when she was eleven and entered a girls' school. She started her stage work by singing in vaudeville, not because she longed for the stage but because she had a little voice and wanted to support her mother. She was just about to start east for an engagement with a large company when she had an offer from Lee and Moran. That started her in pictures and the rest of the story is told in some 60 or more pictures she has made since that time. Miss Devore has two aims aside

from her historic ones. She wants to go to New York where she has never been, and she wants to take her mother with her for a year's travel. And she will do it, too.

"Two Weeks With Pay." Bebe Daniels is working on that now.

Lila Lee will be Fatty Arbuckle's leading woman in "Gasoline Gus."

Mary Pickford celebrated her birthday, April 8. How old? No fair telling.

Betty Blithe is to be starred in "The Truant Husband."

A Balzac novel is to be screened by Rex Ingram. Alice Terry is to have the leading feminine role.

ILLNESS DUE TO ACTION OF HUSBAND, WIFE SAYS IN DIVORCE PETITION

A nervous breakdown which Mrs. Emma Emerson claims she suffered two months after her marriage to John Emerson, St. Marys, is chargeable to her husband's action, she says, in a suit for divorce filed in common pleas court Monday.

Mrs. Emerson relates that shortly after their marriage he became cold and indifferent toward her and her welfare. When she became ill, he refused her medicine and care, she says. To avoid care and expense, he ordered her taken to her daughter's home, the petition states. Mrs. Emerson further says her husband declares he will not live with her again. They were married on September 11, 1918, and have no children.

MEMORIAL HALL IS HEALTH CENTER

District Board of Health Adopts A New Plan

A health center has been opened at Memorial Hall by the Allen-co district Board of Health, on Tuesdays and Thursdays from 1 to 4 p. m., and Saturdays from 8 to 11 a. m., under the supervision of Dr. J. J. Sutter, county health commissioner.

The health center has been started with the idea in mind of dispensing information as to how to get well and keep well. Expert diagnosis and laboratory services will be provided for those who are indisposed and advice given as to the proper course to follow in order to secure good health.

It is not intended that cases will be treated here. Diagnosis will be made and the patient turned over to a physician. Cases which need only supervision will be handled and examination and advice given as needed. Everyone is free to make use of the facilities offered and Dr. Sutter hopes that anyone who is not sure as

to their physical well being will take advantage of the expert diagnosis offered.

CARDOSI-DUNN WEDDING TODAY

(By ROSEMARY CHRISTEN.)

Of great interest to a number of Lima people will be the news of the marriage of Edward Cardosi, son of Mr. and Mrs. Victor Cardosi, W. Market-st., to Miss Geraldine Dunn, daughter of Mr. and Mrs. James Dunn, Chicago, which will be solemnized Monday at 5 p. m. at the Corpus Christi church, Chicago. They will be attended by Miss Mary Dunn and James Dunn, Jr., sister and brother of the bride. An elaborate wedding dinner will follow the ceremony and later Mr. Cardosi and his bride will leave for a trip to Atlantic City and New York. They will reside in Lima.

The charming bride is a niece of Mr. and Mrs. James Duffield, W. North-st. and is very well known in this city, having visited here frequently.

Mr. Cardosi is one of Lima's most popular young men, prominent in social and club affairs.

As an informal courtesy to Miss Nelle Harman, bride-elect of Harold Creps, Miss La Vera Kohler was hostess to a group of friends at a pleasant gathering at her home on W. Elm-st. Friday. The evening was quickly whiled away in dancing and music. The hostess served a dainty two-course luncheon. A color scheme of red and white was used throughout in the appointments and centering the dining room table was a miniature bride and groom. Covers were laid for Misses Regina Patton, Margaret Wiss, Marie Rothrock, Ruth Johns, Helena Rantz, Helen Ripley, Ann Shanahan, Irene Matthews, the honor guest and the hostess.

Annual business meeting of the Allen-Child Welfare association will be held at the Y. M. C. A. Tuesday at 3 p. m. The annual dinner will follow. It will be held at 5:45 p. m. at the Lima club. Dr. H. W. Kellogg, chaplain at the Mansfield Reformatory, will deliver the principal address, "Community and the Boy". PARIS IS WEARING 'EM MUCH LONGER

(BY ELOISE)

Skirts, like the weather, are "unsettled." They may be long today and short tomorrow, or long in Brazil and short in Siberia, or one may be sure that if they are one thing today Paris will change them before midnight. So it is that Paris toiled the extreme short skirt on us and after much resistance, it has finally been accepted and now behold this newest frock from abroad.

The skirt hovers very near the ground and is very full, contrary to all former laws which said the long skirt would be narrow and the short skirt full. This gown, which is a recent importation from Paris, features novel lines. The bodice suggests the peasant costume with its point in front and its snug-fitting lines accentuated by an embroidered design. The sleeves are also embroidered and another trimming feature is the braided trimmed organza vestee and collar. The collar has three deep revers which add a pretty touch to the whole.

The full skirt has the new uneven bottom which bids fair to be most popular. The points of the full, loose panels reach below the ankle and show how Paris is sponsoring the long skirt.

MRS. MARY A. LOGAN SUCCUMBS TO DEATH

Mrs. Mary Ann Logan, 81, widow of the late James Logan, died at her home, 227 Hollywood, Sunday night. She had been in ill health some years. A daughter, Mrs. Martha Reese, St. Louis and a son, Marion Logan, residing with his mother, four grand-children and three great grand-children survive. Time of the funeral has not been decided upon. Interment will be at Woodlawn.

ON BOOZE HUNT CINCINNATI

A search today for two trucks, reported to have gone out the Harrison pike, late Sunday night, towards Miamisburg, Ohio, in the belief that they contained 200 cases of whiskey stolen from the residence of Miss Alice Wieser of Clifton-ave. The trucks attracted attention by the rapid speed at which they were driven. The whiskey is valued at \$20,000 at present bootleggers price.

MARKET BASKET

(By Jessie Wetzel Knott)

We must religiously save all leftovers, if we are to get the most out of the money we spend for food.

Bones that are left can be made into excellent soup. There are many ways to use up cold meat, even if all that is left is unattractive scraps. Save the water in which vegetables are boiled, except potato water and bean water. Rice water makes an excellent meatless tomato soup, and cabbage water makes good soup Crex.

This month lamb and veal are cheaper and more plentiful. Celery is still good, and new cabbage is in the markets in sufficient quantity to be fairly cheap. There are new string beans, peas, eggplant, radishes, cauliflower, so clean and white that it is a joy to cook it, a condition that does not always obtain.

SALAD GREENS

Mushrooms are fresh and good. Onions are coming in from the South and there are hot-house cucumbers and tomatoes. The best salad greens for the month are endive, cross, dandelions and chives.

Oranges and lemons are splendid. The grapefruit season is about over. Haven't they been excellent this winter?

In fish there are shad, salmon, trout, whitefish, snails and fresh mackerel, all in prime condition. Is there any better fish than fresh mackerel, I wonder? I very much doubt it. In the few weeks in the Spring when it is in season we should make the most of it. Lobsters, clams, green turtle and crabs are fine this month.

By the way, if you are making orange marmalade, try this recipe for orange preserves, which I have followed with success. It makes a clear preserve.

Take equal weights of sour oranges and sugar. Peel two oranges in every four and soak these rinds for twenty-four hours in salt water. Wash and simmer until tender, changing the water twice. Drain and cut with scissors into thin strips.

Cut the oranges into halves at the "equator." Take out pulp free from seeds. Drain, add sugar, stir until boiling, skim and simmer fifteen minutes, add pulp and rind strips and simmer twenty minutes longer.

COMPLAINS OF TOO MUCH WORK

(By SUSAN SMART)

Dear Miss Smart: Am a girl of 17 and have a sister 16 years old. I have been complaining of too much work for some time. I have been complaining of too much work for some time. I have been complaining of too much work for some time.

Do not try to "make" your sister do as you wish. Doubtless it will cause a great deal of disturbance and she naturally will resent it. Perhaps you have been trying to dictate; maybe that is the whole difficulty.

You know your mother does not mean to be unfair, but it is only natural that you, being the older, should be more of a help to her and that she should place more responsibility on you. Also, as you are the older, you should set an example and instead of complaining, be willing to cheerfully fulfill all your duties at home.

Probably your sister is not as strong as you and is not able to do much work about the home.

In the future leave such matters to your mother to decide. You can trust to her judgment. Show a willingness on your part to obey and to help and I think that your sister will be willing to co-operate and share your duties.

Dear Miss Smart: I have had two copies of an endless number of letters from you. I am sure that you are a very kind and helpful person. I am sure that you are a very kind and helpful person. I am sure that you are a very kind and helpful person.

(1) Ignore the letter. There is a law against sending threats thru the mails. Of course, when the letters are unsigned, as in this case, the postal authorities naturally have difficulty in learning the identity of the writer. (2) Send a stamped envelope for this answer.

PATTERN FOR TODAY

A NEW PLAIN APRON.

Pattern 3234 supplies this attractive style. It is cut in 5 sizes: 1, 2, 3, 4, and 5 years.

A 4 year size will require 1 1/2 yard of 36 inch material.

Gingham, khaki, unbleached muslin, cambric, seersucker, percale, and drill, are good for this model. As illustrated, with stitching in red cotton. The pockets are "cut out motifs," finished and applied to the apron with stitching; the upper edge is left free to form the pocket opening.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps.

DISCOVERIES

If vegetables are set to cook in boiling water the flavor and nutritive properties are retained.

Cocoa is more digestible if allowed to cool and reheated after the globules of fat have been removed.

Lemons will be ripe and juicy if kept in cold water. Change water every week.

A pinch of baking powder will hold the omelet from falling.

Old nightgowns make excellent closet coverings for suits and evening dresses.

To grease a waffle iron use a piece of salt pork or a brush dipped in melted fat.

To prevent the smoke that often makes the cooking of hot cakes unpleasant, the same salt in a cloth and rub the griddle with this instead of greasing it.

Use a piece of candle instead of a cork in a glue bottle. It will not stick and the glue will not become so dry.

A potato ricer is just the thing for wringing out compressed from water too hot to bear the hands.

ST. JOHN'S LYCEUM BASEBALL TEAM BEING ORGANIZED

The St. John's Lyceum, composed of some of the present Hi school lads of St. John's Hi, alumni and young men who have gone to the school at some time or other, are aiming to put on the baseball diamond this season, one of the fastest and best outfitted young men's team in this section of the state.

It will not be anything new for the boys as they have practically all played baseball together for the past six years, on different grade teams, high school teams and college teams, since leaving school.

The greater number who will help comprise this team he'd the championship of the city as an eight grade team. They also held the Hi school championship two years ago.

St. John's Lyceum is not only figuring on placing a baseball team on the diamond, but on organizing a gridiron nine in the fall and basketball squad. Games will be booked with any like teams in the city or state, and have already a few booked out of town. A challenge was accepted from the "Lima Leads" yesterday.

An important meeting of the club will be held tomorrow night at the Athletic Club to elect permanent officers and discuss further plans for the season. A dance is being talked of to help give the club a start to outfit the team. Any young men who have ever attended St. John's school are eligible and are requested to be present at this meeting.

LET PLAYERS COMPETE IN PRO BILL

DES MOINES, Iowa — Director of Athletics Howard Jones of Iowa, favors permitting college players to play summer baseball for money, to help pay for an education, he said today.

"I can't see any harm in allowing our men to play ball for remuneration in the summer time, providing they do not perform in other athletic events for money during the nine months of the college year," said Jones.

So far, four directors out of five are for the plan. L. W. St. John, of Ohio State opposes it.

LEONARD AND WELSH BOX JULY 1

NEW YORK — Benny Leonard, present lightweight champion and Freddy Welsh, former title holder, will meet for the crown in Tex Rickard's Jersey City arena on July 1, according to Bill Lyons, close friend of Welsh and Jack Dempsey.

Lyons is also authority for the statement that Jim Corbett will be agreed upon as the referee for the Dempsey-Carpenter fight, although his name is not in the contract.

WHO'LL WIN

LOS ANGELES, Cal. — Charlie Chaplin, "I look to see Dempsey retain the crown. It shouldn't take him more than five rounds to finish the Frenchman. I admire Carpenter's courage for being willing to mix it with the champion. It's a shame for him to be willing to fall from the pedestal so soon. I don't believe there's another man in the world the equal of Dempsey."

WOMEN GOLF STARS IN ACTION

LONDON — Miss Alexa Stirling, champion American woman golfer, opposed Miss Janet Jackson, holder of the women's Irish title; Miss Cecil Litch, champion of England and other wide-known British woman players at the West Hill Golf Course, Brookwood, today.

The entrance fees will be used toward endowing hospitals in memory of the late Dr. Elsie Inglis, who commanded the Scottish Red Cross commission in Serbia, and was a prominent golfer. The contest was for eighteen holes, medal play with 125 entrants.

FOURTH ONE

CLEVELAND—Cleveland defeated St. Louis Sunday 6 to 5, making it four straight from the Browns. The victory was due to the ineffectiveness and lack of control of pitchers Bayne and Cullup.

Joe Sewell, shortstop, was spiked by Cullup in the fifth inning and Graney was allowed to run for him. Sewell returning to the game when his injury was dressed. Score:

Dempsey Has The Advantage Over Carpenter On Every Physical Point, Comparison Shows

ST. LOUIS NOW FAR BEHIND THE DOPE

(By HENRY L. FARRELL)
(United Press Staff Correspondent)
NEW YORK — St. Louis ball clubs are the only ones not living up to the specifications of the pre-season dope. Even so early in the race, the Browns have no business in seventh place, and the Cards are total strangers in the last hole.

Otherwise, the pennant building in both leagues is going according to the plan.

ARE IN LEAD
The Indians and the Reds, favorites, are leading the races without showing symptoms of the pace being too warm. Both have been hampered by mediocre pitching and both have a corps of hurlers on the way up to form.

Pittsburgh is going along strong in second place with a fast rushing attack and good pitching. The Cubs are pounding the ball hard enough to be second in team batting and John Evers is expertly managing a short handed pitching staff with the best results. After a miserable start, Brooklyn is getting back into shape. Robby's bat department has been in a slump and his pitchers have been way off form, but the club is coming around.

CARDS ARE OFF
The batting of the Cards is off 1920 form and the run-making department has been almost shut down. Pitching is bad. Combined, the defects made Rixey's men rate the cellar. The Cards ought to improve.

With no pitching to speak of, very little batting, and a weak defense, Pat Moran's Reds are in a sorry plight.

Even with a crippled team and a pitching staff off, the Cleveland Indians are showing their form in the American League. Terrific hitting, helped along by the sensational work of the college recruit, Stephenson, is keeping Speaker moving until warm weather brings around his veteran pitching staff. Mails, instead of being a sensation, has been a great disappointment.

WASHINGTON GOING
Washington has a sweet-looking ball club that looks like it is going some place. McBride has a strong batting outfit, the fastest attack in either league and he is getting the best out of an ordinary pitching staff.

Just ordinary spunk and fight is keeping the White Sox in the first division. Poor pitching alone is keeping the White Sox in the first. The Yanks look like a million dollars when their artillery is speaking, but again they look like a dime. The worst balanced in the league.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F.M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color. These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit, 15c and 30c.

LIMA BALL PLAYERS TURN OUT FOR TRY-OUTS AT BALL PARK

With the warm rays of the sun Sunday afternoon, over 40 Lima ball players turned out at the Murphy-st ball park and performed before Managers Halloran and Callahan.

All entertained the hope of landing a berth on the Lima semi-pro team this season, but none were given definite answers by either of the two managers.

Shortly before 2 o'clock Halloran brought out the bats, and until after 5 o'clock balls were being landed all over the park. Others were showing their skill at pitching and fielding, while probably a dozen worked out behind the bat.

The field was in fine shape, after a corps of laborers had been working on the plot for the past week. A coat of paint had been put on the grandstand, and another will be added during this week.

PARK IS RENOVATED
When the season opens here May 8, the park will have an altogether new appearance than it did when Lima fans left it after the closing game of the year last fall.

Halloran and Callahan are taking it big, with the hope that local baseball enthusiasts will be pleased with the result of their efforts to make the park a more desirable place.

Freshly painted signs have been put on the fences which surround the field, and the bleachers have been put in better shape than they were last year.

Plans are underway for the obtaining of a larger parking area for automobiles, as it is figured the space allotted to this year will not be sufficient to handle half of the machines which will be driven to the park during the hot Sundays this summer.

ATHLETES TO BE HONORED AT DINNER

Central Hi school basketball and football letter men will be given a banquet by the Athletic Association at the Lima Club May 4th, it was announced Monday.

This will be the first time that all letter men have had a banquet in Central Hi school. There are seventeen football letter men and eight basketball letter winners. Officers of the Athletic Association as well as Coach Detrick will be present at the banquet.

LEADS START SCHEME FOR BALL TEAM

Interest in the Lima Leads Athletic Club's dance to be given at McCullough's Park next Wednesday evening is growing and it seems an assured fact that the club will have quite a little stake to start the baseball season with.

With all members out with tickets and "everybody going" it looks like a good time is in store for the crowd. All arrangements are being completed by Al Cousins, business manager of the club.

HAVE CRACK BOWLERS

Aside from baseball, the club has been turning its attention during the past week to bowling, and although the first class bowlers of the club haven't been turning out, the club has managed to win both match games which were played during the week.

One of the games was won from the South High Bowling team and the other from the Y. M. C. A. Dormitory men.

More games are desired, and anyone wishing a match with the Lima Leads have been asked to see Mr. Gilmore, manager of the Y. M. C. A. bowling alleys. The club's blue for the bowling team is Roderick, Blunk, Johoske, Cousins, and Duff, Gilmore, Feigh, and Gardner, are relief men.

Wet weather has prevented the club from holding any baseball practice but as soon as Old Sol comes out the club members say they will be out in full force. More members are to be taken in and prospective members of the Lima Leads baseball team are asked to watch the News Sport Page for further details as to practice.

FARMER BOY HEAD OF BIG BANK

James H. Perkins Another Rural Youth Who Made Good

NO \$100,000 MEN SOUGHT

Financial Institutions of New York Need Presidents

(BY E. C. FORBES)

NEW YORK — (Special)

There another triumph for the country-born youth. James H. Perkins, who is to become president of the Farmers Loan and Trust Company, one of New York's financial giants, is one of the many thousands of ambitious, industrious men migrating from the country to the city. Perkins was spotted by the city's financial leaders many years ago and brought to the National City Bank as its president. The moment was a triumph for Perkins, who had been a successful farmer in the West and was eager to respond. His Red Cross work in Europe, understanding of general banking, and army service. Here again he made his mark.

The Farmers Loan and Trust is an old-fashioned, bluestocking institution. The atmosphere inside its doors is chilly. Its affairs are still conducted on the principle that it is one of the public's business what banking institutions do with the public's money. There is no institution in New York where the representatives of the public, reporters are less welcome.

Mr. Perkins is not built that way. He is a frank, friendly, democratic fellow. The milk of his kindness flows in his generation of financial leaders and, therefore, realizes that a longer good business to bang the door in the face of financial institutions seeking legitimate information on matters of public interest.

Two of New York's National banks are understood to be seeking for new presidents. Salary \$100,000 for the right man.

The two New York bankers whose speeches to my mind, are most worth reading are Francis H. Sisson of the Guaranty Trust Company and James S. Alexander, President of the National Bank of Commerce. They both say something. They depart from the beaten tracks. They depart from the beaten tracks. They depart from the beaten tracks.

A good many bank officials are afraid to call their souls their own. They are scared lest some director might not like what they say. Mr. Sisson and Mr. Alexander have the courage of their convictions and talk out straight from the shoulder.

There isn't the slightest chance of James A. Farrell's accepting the chairmanship of the Shipping Board. Mr. Farrell is needed where he is. He is one of those whose week-end stretch from Monday to Monday. Nor does he disappear every now and again for a sojourn in some resort of the leisurely rich. He is on the job every day and all day, and very often at night.

"The plague of possessions," that's the title of a story I would like some day to write. A rather wealthy man of far-famed reputation was showing me over his magnificent estate. I commented on its beauty and its splendor, and remarked that he must be a lot of fun out of it. "No, you're wrong," he replied. "I did get some real fun when I first acquired this place, and also when I was spending a lot of money putting it into shape. As you can see, it developed into something big. Then it dawned on me that I didn't own the place, but that it owned me, that I was working for it, to keep it going. Pride of ownership is a feeling that doesn't last long. I am rather sorry now that I have got into this very expensive way of living. It's not only the cost of money—I can afford it—but it is time to see that it is kept going right."

Are there not many men who come to feel this way about their costly money devouring estates?

Judge Gary says he didn't find Chicago as blue as New York. Financial New York always is either exuberant or ultra-pessimistic. At present it is in the dumps. Somehow Chicagoans strike one as having more backbone, more grit, more confidence in their country. They give the impression of being closer to the sidewalk realities. They pay less heed to the stock ticker and more heed to the crops.

Will some of the Chicago financial leaders please visit to New York and spread a little sunshine?

Have you noticed that when the Standard Oil Company of New Jersey, has anything to take up with its army of employees the man who presides is not Walker C. Teague, the president, but A. C. Bedford, the chairman? Some executives have a knack of getting close to their work. Bedford is a "hands-on" type of old-fashioned, dignified type. He is a good fellow—well-sharpened, a physical giant, his hand shake takes a bit with men and—his is a bit aversive from making hands with his workers. Also he isn't lousy with his smiles.

Altho his father was wealthy, father was given one of the dirtiest of hardest of laboring jobs at a oil wagon. He has climbed the ladder; he didn't step onto the top of from his dad's shoulders. In fact, he is a "regular fellow." And he knows it. That's why he is given the job of handling them.

HOOD DESTROYED CINCINNATI — Hundreds of hooded men, some registering grief, others the spirit empty 11,000 took this morning. The brew, which the city chemist said was of 4 per cent alcoholic content, was confiscated in raids upon two clubs a week ago.

British Lord Calls for American

and British Policies

SAYS WORLD SHOULD KNOW

Asks Definite Information As to

Building Programs

(By EARLE C. REEVES.

LONDON.—(International News

Service).—The (Lima) naval policies

of England and the United States

should be made

known to each

other, and instead

of "hands across

the water" there

should be "heads

across the water."

This is Lord Lee

of the Admiralty,

first of the British

Admiralty, stated

in a straightfor-

ward address at the

Institution of

Naval Architects.

Offering to the

international na-

val policy, the first Lord of the

Admiralty said:

"I think all of us must be asking

ourselves frequently the question—

whether we are going after the triumph-

phant conclusion, of that war which

was to make this world safe for civi-

lization? It is hard to believe that

those who were fighting side by side

to save that civilization are now go-

ing to build navies against each

other, if for no other reason because

it would be so ridiculous and so silly.

I am encouraged in this matter by

the moderate view which is being

taken by the governments of other

great naval powers but it is better

that we should speak plainly of the

greatest naval power in the world

apart from ourselves.

AMERICA'S POLICY.

"We see the United States of

America Senate is laying down the

policy, he held that England should

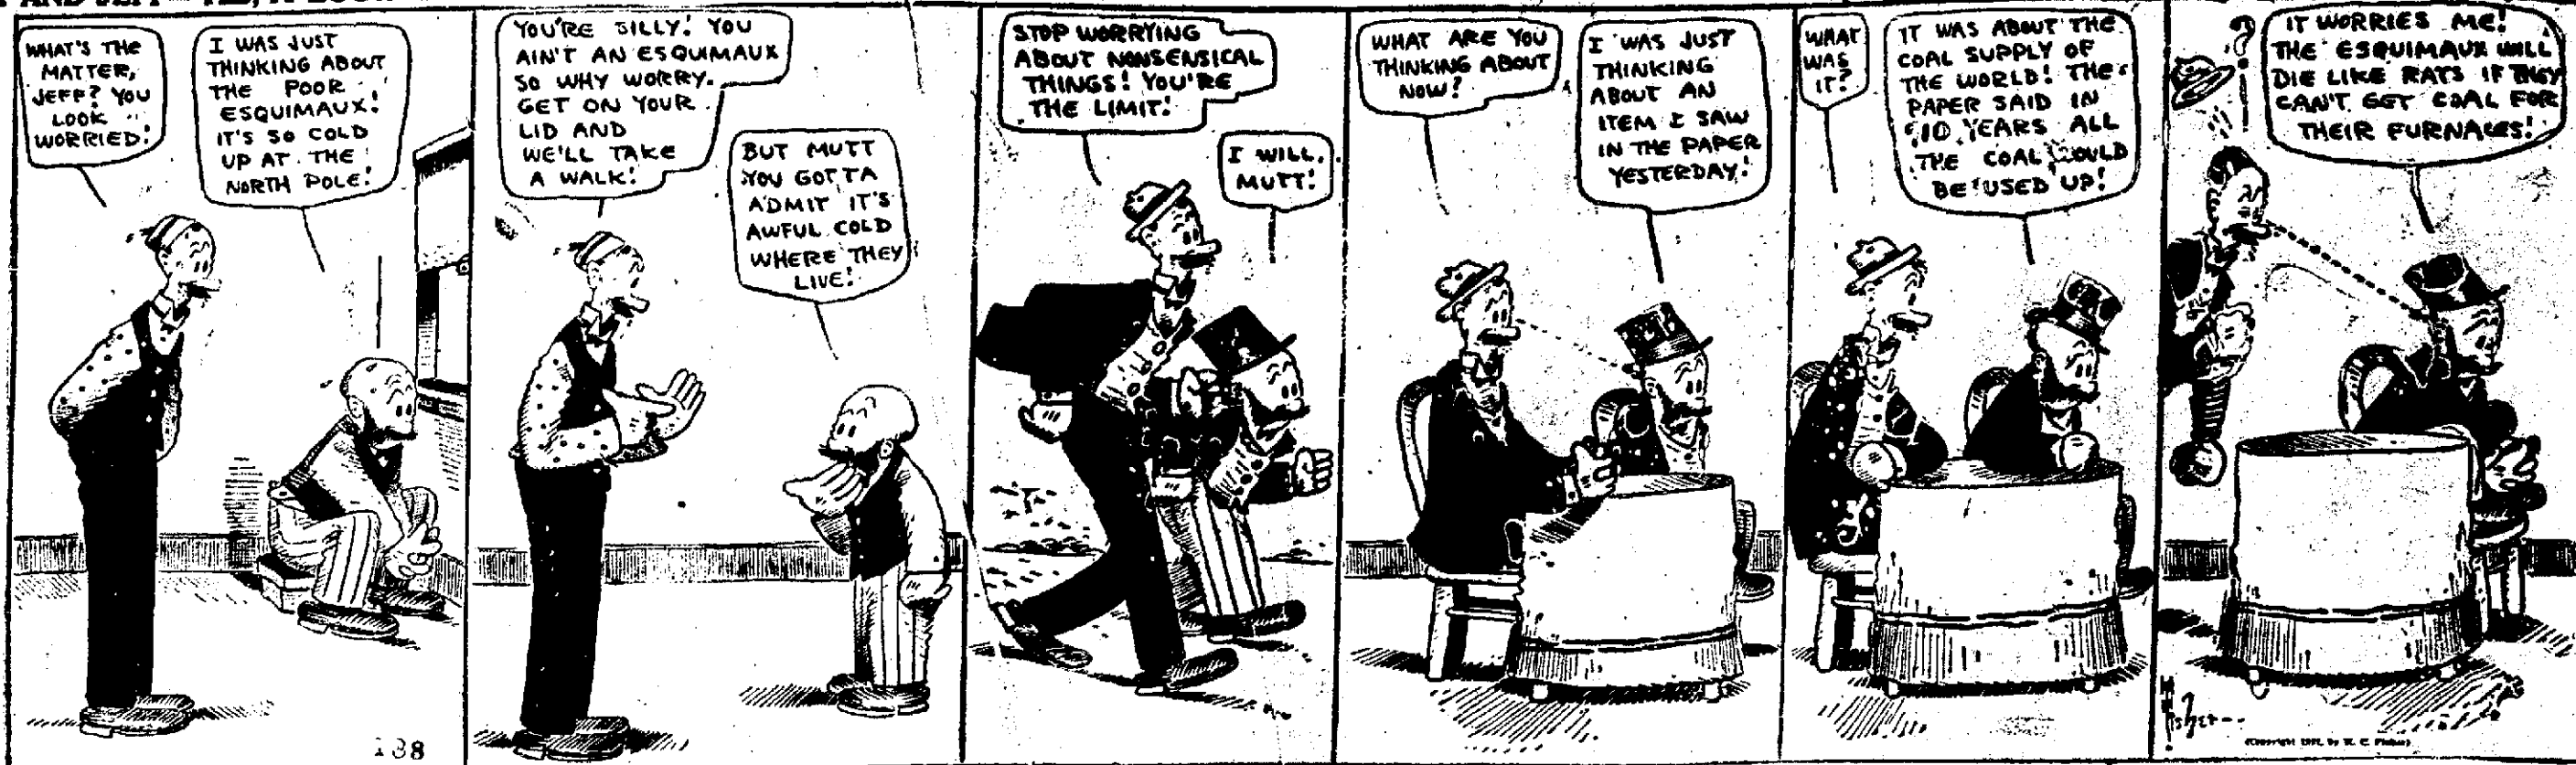

lay her cards on the table and dis-

cuss frankly with America what the

future would be. Lord Lee said that

MUTT AND JEFF—YES, IT LOOKS LIKE A COLD FINISH FOR THE ESQUIMAUX—

SHORT SHAVINGS

Some men never let an opportunity slip. They make the most of every chance, as, for instance, a certain organ-grinder who, once played his organ outside the house of Mascagni, the famous composer. Mascagni is often driven wild by hearing his music "murdered" on piano-organs, and on this occasion he left his house and interviewed the street musician.

He did not send him away. He merely took the handle of the instrument, turned it around faster and quickened the time.

The organ-grinder smiled, his thanks. Next day he again appeared in the street. This time his organ bore a large placard on which was inscribed: "Pupil of Mascagni."

A school teacher was using her most ingratiating manner to make the subject of physical geography attractive to her pupils.

"Now, can anyone tell me what shape the world is?" she pursued her Socratic method.

A dirty-faced urchin arose rapidly as his hand unfurled to the summons.

FOR SKIN TORTURES

Zemo, the Clean, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, worm and makes the skin clear, healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

In skin troubles, ordinary soaps are irritating and liable to aggravate the condition. Use Zemo soap. It is antiseptic, soothing, and hastens the process of healing.

Lima Carpenter Hits Nail Right Square on Head

"I'm Telling My Friends All About Syrola," Says J. Olinger.

"Talk about hitting the nail straight on the head! I did it when I took Syrola to rid my system of catarrh and indigestion, which were pulling me down," said J. Olinger, well known carpenter, 400 N. Main-st., Lima, recently.

"Let me tell you," he confided to the Syrola representative, "that medicine is really remarkable in the way it cleans a fellow's organs and builds him like a new man. I used to have the same round of misery day on and day out. No matter how careful I was my food turned sour, gas would form and I'd suffer agonies of pain. My appetite went back on me and the least exertion fagged me."

"I had an awful taste in my mouth when I got up of a morning. Well, after taking a few doses of Syrola, I noticed that I could eat a square meal without getting all puffed up with gas. My whole system seems in better shape since taking Syrola, and my strength is much greater than before. Me for Syrola every time!"

Syrola is being specially introduced by a laboratory representative at the Public Drug Store, 142 N. Main-st.

At your store this week

This 10-Day Tube of Pepsodent. Simply present the coupon. This test will prove a delightful revelation. It will show you the way, which millions have found to whiter, cleaner, safer teeth. This offer is for one week only. It means much to you and yours. Act now.

An ideal diet would do these same things, but few people get it. So dental science now needs the tooth paste to bring these desired effects.

Pepsodent will daily bring you five great benefits which the old ways did not bring. Together they mean a new era in teeth cleaning.

Men's tobacco stains

Men who smoke stain these film-coats with tobacco. The use of Pepsodent brings them conspicuous effects.

Food stains with women make these film-coats dingy. The glistening teeth seen everywhere now show how Pepsodent removes them.

But children need Pepsodent most. Their teeth are most subject to film and starch attacks. Very few escape them. Dentists advise that they use Pepsodent from the time the first tooth appears.

Watch teeth whiten

The results of Pepsodent are quickly seen and felt. No user can long doubt them. A book we send explains the reasons for them. A very short test will convince you that this new way is essential.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch the other good effects.

Then you will see and feel and know that Pepsodent is necessary. You will realize that old methods were not right. And this discovery may bring life-long benefits both to you and yours. Present this coupon to your dealer this week. Cut it out now.

Do This Tonight

Watch the quick effects—see the change in a week

Present this coupon to your dealer. He will give you a delightful ten-day test of a new teeth-cleaning method which millions are employing.

Watch the effects, quick, pleasant and conspicuous. Watch the new luster that comes. In ten days let your mirror tell you the way to pretty teeth.

Leading dentists everywhere advise this method now. You will see and feel the reasons when you make this test.

End the dingy film

The chief purpose is to fight film. This viscous coat, which you can feel, causes dingy teeth and also most tooth troubles.

Film clings to teeth, enters crevices and stays. The old ways of brushing did not end it. So film-coats night and day threaten serious damage.

Film is what discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. All these troubles have been constantly increasing. Despite the daily brushing with old methods, very few escaped them.

Now you can fight it

Dental science, after long research, has found ways to fight that film. Able authorities have proved them effective. Now leading dentists everywhere advise their daily use.

The methods are embodied in Pepsodent, the new-day, scientific tooth paste. Millions of people now use it, and the use is fast spreading the world over.

That is the dentifrice we urge you to try. Your druggist has a free tube for you. Enjoy its effects for ten days, then judge them for yourself.

Also starch and acids

Modern diet makes other things essential. And those essentials are embodied in this scientific tooth paste.

Each use of Pepsodent multiplies the salivary flow. That is Nature's great tooth-protecting agent. It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise form acids.

It multiplies the alkalinity of the saliva. That is Nature's agent for neutralizing acids which attack the teeth.
